WORK EXPERIENCE

Zenrises Creatives | AI Content Creator

Bengaluru, India | August 2026 – October 2026

- Executed multi-channel digital marketing across YouTube, Instagram, LinkedIn and Facebook, supporting brand awareness, content distribution, audience engagement and customer outreach.
- Improved YouTube content discoverability through SEO, keyword research, metadata optimisation, title and thumbnail testing, with reported growth of 137.5% in views and 79.5% in subscribers during the tenure.
- Created AI-assisted marketing content, including videos, social media creatives, scripts and promotional assets, using content marketing, copywriting, visual storytelling and generative AI tools to support brand communication.
- Supported customer acquisition and lead generation through prospect research, direct outreach and follow-ups, helping develop an early-stage customer pipeline and identify potential business opportunities.
- Conducted business development and partnership outreach to prospective collaborators, coordinating discussions and follow-ups to explore local marketing, distribution and growth opportunities.
- Supported vendor management and material procurement by researching suppliers, comparing quotations, coordinating sourcing enquiries and maintaining supplier communication.
- Assisted with recruitment coordination and stakeholder management.

INTERNSHIP EXPERIENCE

Gateway Bekal – IHCL | Human Resources Intern – L&D

Kasaragod, Kerala | June 2025 – July 2025

- Coordinated L&D programmes, employee engagement initiatives, and events involving 500+ attendees.
- Managed CSR activities and coordinated multiple programmes, conclaves, and cross-departmental events.
- Maintained activity calendars, prepared meeting minutes (MoM), tracked action items, and coordinated departmental follow-ups.
- Supported HR documentation and administrative processes for 180+ employees.

PROJECTS

Impact of Neuromarketing on Consumer Decision-Making

Academic Research Project | September 2024 –December 2025

- Investigated how brands can use neuroscience to understand subconscious responses that traditional ways may not capture.
- Reviewed 6 academic studies on neuromarketing, examining the role of emotional storytelling, visual stimuli and packaging in consumer preferences and brand recall.
- Analysed applications of EEG, fMRI and eye-tracking in understanding consumer attention and emotional responses to advertising.
- Identified opportunities to apply neuromarketing insights to advertising creatives, product presentation and brand positioning

Digital Platform for Local Tourism & Artisan Empowerment

Project | April 2022 – December 2024

- Conceptualised a digital platform connecting tourists with regional destinations, local artisans, and authentic cultural experiences, identifying an opportunity to integrate tourism discovery with artisan commerce.
- Developed the platform concept around traveller discovery needs and artisan visibility, linking destination mapping, cultural experiences, and direct-to-consumer product discovery.
- Structured a proposed marketplace model featuring tourist destination discovery, artisan profiles, craft showcases, and direct product sales to support local market access.
- Identified potential acquisition channels and digital touchpoints to improve platform discoverability, attract travellers, and increase artisan participation.

POSITIONS OF RESPONSIBILITY

Head of Marketing - Bizwaves 2026

NITK Surathkal | Aug 2025 - Apr 2026
